

# The Safeway Community Giving Card

Available in select Safeway and Albertsons stores in Colorado, Wyoming, Nebraska, South Dakota and New Mexico.

## What is the Community Giving Card Program?

- It is an easy way for Heart of the Rockies Christian Church to raise money by providing reloadable Community Giving Cards to our supporters.
- Supporters then help earn our church money every time they reload their card and shop for groceries at Albertsons or Safeway. \*

## Are there any hidden costs for my organization to enroll?

- There are no hidden fees.
- The cards have \$5.00 preloaded. You can offer a \$5.00 donation to the church General Fund to cover this cost.
- Your supporters decide how much to reload onto the card (up to \$500), as well as how often.

## How Does The Program Work?

Supporters reload and reuse their Community Giving Card as needed. Reload at the cashier register before purchasing groceries. Use this card to pay for groceries or gas when purchased instead of a credit card or cash.

Heart of the Rockies then earns a 4% reward every four weeks, or whenever a total of \$2500 has been reloaded onto all the outstanding cards assigned to HRCC. \* The more people that use these, the potential to increase the reward % increases.

\*Cash back rewards are calculated every four weeks. As long as a minimum level is achieved, your organization will receive a check each month. If the minimum level is not achieved, then your totals will carry over to the next period, until the minimum level is achieved.

# FREQUENTLY ASKED QUESTIONS

---

## **Where can I purchase a new card or replacement card connected to Heart of the Rockies Christian Church?**

You may get a new card from HRCC by asking the office or requesting one from Gordon Thayer or the designated coordinator of the program.

Please note: cards purchased at stores cannot be linked to HRCC. Only cards distributed by HRCC will provide the rebate.

## **Do I have to use a new card each time I need to reload funds?**

No. Simply reload the desired amount on your existing card. There is no limit to the number of times you can reload.

## **How do I reload my card?**

Reloading a gift card can be done at Customer Service or Check stand prior to making any grocery purchases.

## **How much can I add to my reloadable card?**

The maximum card balance is \$500 at any given time. There is also a separate limit of a combined total for all reloads of \$500 during a 24-hour period.

## **Do I have to use cash for this reloading transaction?**

No. You can pay with cash, check, credit or debit card.

## **How often will my organization receive reward money?**

Proceeds are distributed every four weeks. Balances will roll over to the next period if the total disbursement minimum of \$2500 is not met.

## **How often will HRCC receive account statements?**

HRCC will receive an email statement detailing all reloads by gift card number every 4 to 6 weeks.

## **What happens if I lose the card?**

This card operates the same as cash, so handling the card with care is critical. It is recommended to take a picture of the back of your card and save this. If your card is lost or stolen and you notify the church office including a copy of the picture of the back of your card, we can notify Safeway that your card has been lost or stolen and Safeway can deactivate the card. Safeway can re-issue a replacement card with the current balance at the time it is deactivated. (If it was used without your knowledge between the time of loss and the deactivation, those funds will not be replaced.)
